Galaxy Note8

Introducing the Galaxy Note8

Say it your way.

With the powerful built in S Pen, take notes without unlocking your screen, handwrite messages and make GIFs.

Shoot like a pro.

Whether you're shooting in the dark or from a distance, photos are clear with less blur on the world's first Dual Camera with Optical Image Stabilization on both lenses. Want even more control? Switch to Pro Mode for all the options you'd expect from a DSLR.

Do two things at once.

Stop switching back-and-forth between apps. With App Pair,¹ you can launch two apps with a tap and use them side by side on the immersive Infinity Screen.

Conquer the elements.

With an IP68 rating, Galaxy Note8 is water and dust resistant² so you can use it worry-free, anywhere.

Keep it all.

Get up to 4x the storage with a 256GB microSD card,³ so you never run out of room for videos, photos and files.
