Frequently Asked Questions

Where can I find nutrition facts and ingredients for each product?

You can find the most recent information about nutrition facts and ingredients on the current product packaging.

Are COFFEE-MATE products lactose-free?

COFFEE-MATE liquid and powder products are non-dairy, lactose-free. NATURAL BLISS coffee creamer is made with Grade A, homogenized milk and cream which contains lactose.

Are COFFEE-MATE products hormone-free?

We are proud to use milk and cream from cows not treated with the growth hormone rBST* in our NATURAL BLISS products.
*Milk and cream from cows not treated with the growth hormone rBST. No significant difference has been shown between milk from rBST treated cows and non-rBST treated cows.

Are COFFEE-MATE products Kosher?

All COFFEE-MATE products are kosher certified by the Orthodox Union and carry the OUD symbol.

Are COFFEE-MATE products gluten free?

Please refer to product packaging for the most current gluten-free information.

Can COFFEE-MATE products be frozen?

For the most flavorful experience, we do not recommend freezing any COFFEE-MATE products because it may cause separation of the ingredients.

How should I store my COFFEE-MATE product?

COFFEE-MATE family of products has different storage requirements, which you can find on the packaging. Requirements outlined as follows:

COFFEE-MATE liquid products found in the refrigerated case must be refrigerated at all times, before and after opening.

Some COFFEE-MATE liquid products may be stored in a dry, cool place before opening, but must be refrigerated after opening. These products are clearly marked "Refrigerate After Opening" on the packaging.

COFFEE-MATE 1.5L concentrate should not be refrigerated and should be stored in a dry, cool environment.

COFFEE-MATE liquid should not be frozen.

COFFEE-MATE powder should be stored in a cool, dry place

How long will my COFFEE-MATE remain fresh?

The freshness of your COFFEE-MATE may vary between products:

COFFEE-MATE liquid and NATURAL BLISS coffee creamer should be used within 14 days after opening or before the use-by date, whichever comes first.

COFFEE-MATE powder should be used by the use-by dates found on the packaging. Unopened, COFFEE-MATE powder has a shelf life of up to 24 months.

Is COFFEE-MATE packaging recyclable?

Yes! "Please recycle" is printed on back of the packaging label. Our bottles are made of PET plastic, SPI code #1, polyethylene terephthalate. The cap is made from a pigmented plastic, polypropylene, SPI code #5. The pull ring is made from LDPE plastic. When in doubt, please refer to product packaging for more information.
